

Neuropsychologist Position: Minneapolis Campus

Children's Minnesota is a not-for-profit, comprehensive health care provider serving the diverse needs of children and teens from infancy through young adulthood. Children's is a 421-bed tertiary-care organization, and the 9th largest children's healthcare organization in the U.S., with services available in all major pediatric specialties.

Position Summary: Pediatric Neuropsychologist:

Psychological Services Departments are located on both the Minneapolis and St. Paul campuses. We currently have an opening **in Minneapolis for a Pediatric Neuropsychologist with specialized training in neuropsychological assessment that meets Division 40 criteria** to provide outpatient neuropsychological evaluations, intermittent consultation-liaison to inpatient medical units, and supervision of doctoral interns in our APA-accredited internship.

Qualifications:

- Doctoral degree in Health Service Psychology from an accredited graduate program;
- Clinical internship in an accredited program;
- Postdoctoral Fellowship in Pediatric Neuropsychology
- Licensed or license eligible in Minnesota.

We offer an attractive salary and flexible benefits. Diverse candidates are strongly encouraged to apply.

Interested Candidates: Please contact Ryan Berreth, Physician and APP Recruitment, (952) 992-5317 and submit cover letter outlining experience and training along with CV and references to ryan.berreth@childrensmn.org
For additional information or questions, please contact Sharon Berry, PhD, LP, ABPP at Sharon.berry@childrensmn.org or 612 813 6727.
