

Post Doc, Center for Translational Behavioral Research Behavioral Sciences and Social Medicine

Summary

This position is a full-time Postdoctoral fellowship in implementation science and HIV. Fellowship will be housed in a new center for translational behavioral research led by Dr. Sylvie Naar at Florida State University in the Department of Behavioral Sciences and Social Medicine. One year with option to renew.

Responsibilities

The postdoc will work directly with Dr. Sylvie Naar. The position focuses primarily on implementation science and HIV-related behavioral interventions. The position also involves assistance with project management of a large center grant and mixed methods research

Qualifications

PhD in Psychology, Social Work or clinical research field. Training in interdisciplinary clinical and research settings. Experience in data analysis and manuscript preparation

How to Apply

Consideration of candidates and interviews will begin immediately and continue until the position is filled. FSU values diversity and is an equal opportunity employer. Applicants of all backgrounds are encouraged to apply. Apply to Florida State University at <https://jobs.fsu.edu>. Applicants are required to complete the online application with all applicable information. Applications must include education details even if attaching a Vita. In addition to uploading them with your application, send a research statement, CV, cover letter, and list of references to Carolyn Blue, Department of Behavioral Sciences and Social Medicine, at carolyn.blue@med.fsu.edu. Electronic materials are preferred, but paper materials may be sent to the College of Medicine, 1115 West Call Street, Tallahassee, FL 32306-4300.

An Equal Opportunity/Access/Affirmative Action/Pro Disabled & Veteran Employer.
