

ocanxietycenter

The OC Anxiety Center is currently looking to hire a psychology assistant or psychologist to work with children through adults in the area of anxiety and related disorders. Areas of responsibility include treatment of anxiety, OCD, and impulse control disorders using CBT and ACT as primary modalities, with an emphasis on ERP. Exposures can include in office (e.g., animals, vomit, weapons) and out of office experiences (e.g., flying, driving, confined spaces).

Specialization training is available, as are speaking and workshop opportunities. Familiarity with empirically supported treatment protocols is preferred.

OCAC is a CBT focused concierge clinic that specializes in anxiety and OCD disorders, and expects its employees and contractors to provide a high level of care to our patients. We are looking for individuals who enjoy working challenging cases with a sense of humor and confidence. Initially we are looking for part time help, expanding to full time as the opportunity arises, with the goal of staying with OCAC and helping it to expand over the years to come. Please submit your CV and any questions to hsia@ocanxietycenter.com. Please visit [OCAC](#) for more information on our center.

Thank you,
Curtis Hsia
